Course Syllabus: CS-104A Introduction to .NET Programming Spring 2012

Instructor: Dr. Jim D. Pham
Email: jpham@ohlone.edu
Webpage: http://www2.ohlone.edu/people/jpham/
Section: CS-104A-01 (051578) (hybrid; 50% online);
CS-104A-02 (051579) (100% online)

Course Description:
This is an introductory course using **the .NET Framework** for design and development. Students will learn how to program in Object-Oriented Programming using classes and inheritance, and to access databases using ADO.NET. Students will develop a small-scale business application that involves a SQL Server database.

Lab: Lab is required for this course. Each student is required to spend at least 5 hours/week in the *lab*.

Prerequisites:
There is no prerequisite for this course. However, it is recommended that students have a basic understanding of high-level languages like C/C++, Java, etc.

Course Materials: Blackboard is the primary method of communication for the course. Learning lessons, assignments, midterm, and final exam will be posted on http://bb-ohlone.blackboard.com/.

Textbook
C# 2010 for Programmers, 4th Edition
By: H.M. Deitel and P.J. Deitel
Prentice Hall, ISBN-10: 0132618206, ISBN-13: 978-0132618205

Course Schedule:

Week	Date	Topic
1	1/23	Introduction to .NET Programming & Visual Studio 2010 (Ch. 1 and Ch. 2)
2	1/30	C# Applications, and Classes and Objects, and Windows Forms (Ch. 3-4, & Ch. 14)
4	2/6	Control Statements and Methods (Ch. 5 through Ch. 7)
5	2/13	Arrays (Ch. 8)
6	**2/20**	**Holiday: President's Day (Ohlone College closed, no class)**
7	2/27	LINQ (Ch. 9 and Ch. 26)
8	3/5	OOP & Exception (Ch. 10 through Ch. 13)
9	3/12	Midterm (**online**) and Databases
10	**3/19**	**Spring Break 3/19 - 3/25**
11	3/26	Files and Streams (Ch. 17)
12	4/2	Databases and LINQ (Ch. 18)
13	4/9	Web App Development with ASP.NET (Ch. 19, Ch. 27, Ch. 28)
14	4/16	Searching and Sorting (Ch. 20)
15	4/23	Data Structures (Ch. 21)
16	4/30	Collections and Generic (Ch. 22 and Ch. 23)
17	5/7	Windows Presentation Foundation (Ch. 24 and Ch. 25)
18	5/14	Final Exam (**online**)

Student Learning Outcomes
The students will:
1. Write, run , and debug programs in .NET using proper syntax and structured programming methods.
2. Develop simple Windows applications
3. Demonstrate the use of buttons, text boxes, option buttons, list boxes, menus, dialogs, and other basic tools.
4. Demonstrate the reading and writing of sequential and random-access data files.
5. Demonstrate access to database files

Course Schedule Details:
This syllabus outlines the topics intended to be covered in specific classes during the semester. Actual topics may be modified depending on the class progress.

Email:
If you send me an email, please put the **course number – name – topic** into the email **Subject** field.
For example: CS104A – Name – Issue

Cell Phone Etiquette:
You may have cell phones in class, but they must be put into silent ring mode. If you need to respond to a call, please leave the classroom.

Programming Assignments:
There will be programming assignments of one- or two-week duration, depending on the scope and difficulty of the assignment. There is a group project that will span the second half of the semester.

Assignments are due at the beginning of the class on the due date.
Late assignments, up to one week late, will receive 50% credit. No credit for assignments turned in more than a week late. If, for business travel, you are unable to attend class, notify me prior to the due date to request an extension.

Term Project:
A term project will be assigned during the course. A student may work on this project individually or in a group of two.

Policy on Student Work:
The programming assignments are to be done individually, unless a group project is specified. You are encouraged to talk to fellow students about concepts and methods, but you may not copy someone else's work. I adhere to the **Ohlone College Policy on Academic Integrity**.

Exams:
There will be one midterm exam and one final exam. The final exam consists of your final project and its critique.

Grading:

10 Lab Assignments (or 5 Labs and a term project)	40%	Class and BB Participation	10%
Midterm:	25%		
Final Exam	25%		

Grading Scale:
90-100 = A; 80-89 = B; 65-79 = C; 55-64 =D; <55 = F
